June 16, 2020

To whom it may concern,

The Ministry of Food and Drug Safety (MFDS) would like to express our sincere gratitude for your efforts in securing food safety and MFDS will stay committed to cooperating with your government for safe food trade.

MFDS is implementing document review in place of 2020 on-site inspection and set its due date for submission: June 15. Yet, we decided to push back the due date to July 31 as many government authorities requested an extension and restrictions on movements have disrupted their efforts in conducting inspection. Thus, we kindly ask for your submission online or by email at the earliest time.

We built a website to allow online submission of inspections regarding the document review for your convenience.

Please refer to annex 1 which includes information on ID and PW given to your government in order to allow the competent authority to submit inspection results on our website: <http://impfood.mfds.go.kr>

Moreover, please refer to annex 2 that includes ID and PW given to each foreign food facility (not applicable to livestock and fishery products). This is to enable the facilities to submit self-inspection results on our website: <http://impfood.mfds.go.kr>

Thus, please deliver the applicable information(ID and PW) to each of the facilities.

We hope to see the COVID-19 pandemic end and thereby to promote our bilateral food trade.

Annex1: country ID

Annex2: food facility ID

Sincerely yours,

SHIN YONG JOO
